

JAMIE

Joint Air Missile Defence Initiative in Europe

SELECTED PROJECTS EDIRPA 2024

CALL TITLE:

EDF-EDIRPA-2024-FNLC-AMD

MAXIMUM EU CONTRIBUTION:

60,000,000 €

SHORT DESCRIPTION OF THE PROJECT:

The project Joint Air Missile Defence Initiative in Europe (JAMIE) aims to support the common procurement of fully interoperable IRIS-T SLM air and missile defence systems. The initiative underscores the strategic importance of fostering cross-border defence cooperation within the European Union. The successful operation of the IRIS-T SLM system in Ukraine has underlined its critical role and effectiveness in modern air defence and its critical relevance for European air defence in the medium-range layer.
