SHORT DESCRIPTION OF THE PROJECT:

FAMOUS will optimize synergies, standardization and interoperability capabilities in relation to land armoured vehicles.

The project “European Future Highly Mobile Augmented Armoured Systems” (FAMOUS) aims at maximizing synergies, standardization and interoperability capabilities of armoured vehicles to address highly demanding requirements while introducing innovative and promising new technologies and concepts. Several types of vehicles are targeted, such as future All-Terrain Vehicle (ATV), Light Armoured Vehicle (LAV) and Main Battle Tank (MBT) upgrades.
