

CPoA 155mm

Collaborative Procurement of Ammunition, 155 mm

SELECTED PROJECTS EDIRPA 2024

CALL TITLE:

EDF-EDIRPA-2024-FNLC-AMMO

MAXIMUM EU CONTRIBUTION:

60,000,000 €

SHORT DESCRIPTION OF THE PROJECT:

The project supports the common procurement of different types of 155 mm artillery ammunition, which are currently identified as operational shortfalls and most needed capability in many Member States. The common procurement aims to improve the security of the supply chains and optimise the use of the European Defence Industrial and technological base in the area of ammunition manufacturing.
