Preliminary information

General

- **Mandatory annex** to part B
 - to be provided as part of any application to any EDF call for proposal.
 - 1 single file for estimated costs of the entire project
 - a part of the final content will have to be recopied in the simplified budget table in Part A
- **Macro-enabled file to handle EDF specific features** which are currently not available inside Commission IT system
 - e.g. funding rates or info on cross border participation
 - designed to be as user friendly as possible despite complexity of the EDF
- **Use provided template (mandatory) corresponding to your type of call**
 - RA, DA- LS-RA, LS-DA
- **Use latest version of the template**
 - bug corrections and improvements have been implemented

Preliminary information

Technical

- Make sure:
 - template saved in a folder where you have read/write access rights
 - macros are authorised and enabled → ask for IT support if need be
 - for users of Office 365: option “optimise compatibility” is activated
- **Start testing templates as soon as possible**
 - do not wait for the last moment
 - raise the hand ASAP if you detect any bug
 - you can save your draft at any time
- Follow guidance in **INSTRUCTIONS** sheet and make sure you go to the end of the **Validation & Export**
 - provide the resulting .xlsx and .pdf files with your application (not the .xlsm file)

Preliminary information

Non-technical

- Before filling-in form, **all members of the consortium, affiliated entities, subcontractors involved in the action and associated partners** must:
 - register in the Participants portal to get a PIC
 - perform, if they are claiming the SME or mid-cap status, the SME self-assessment, based on data not older than 31/12/2021
- Beneficiaries (BE) of affiliated entities (AE) opting for **actual indirect costs** must:
 - anticipate the need to provide the associated ***Actual indirect cost methodology declarations*** (signed by national authorities)
 - check in advance the impact of the amount claimed on the bonus calculation
 - amounts must be the same in the Detailed budget table and in the declaration

- use of LS-DA table
- use of DA table

Cases for LS-RA and RA can easily be deduced

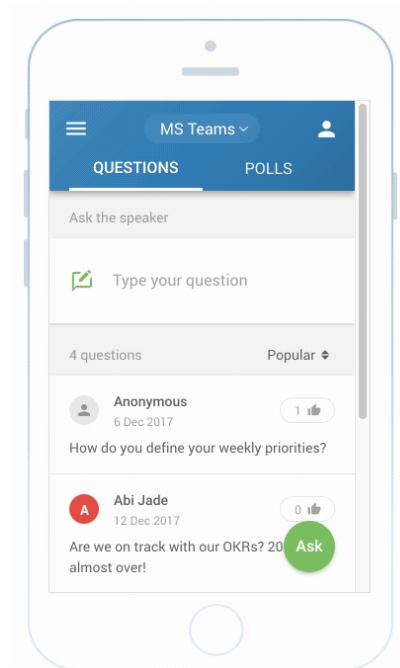

- »»» DA → information per type of activity (since activity-based funding rates)
- »»» RA → information at project level only (single funding rate of 100%)
