

Online Workshop on EIC Opportunities for Space SMEs

27 April 2022, 10h-13h CEST

The European Innovation Council aims to identify and support breakthrough technologies and game changing innovations to create new markets and scale up internationally. The EIC is Europe's flagship innovation programme to identify, develop and scale up breakthrough technologies and game changing innovations.

This workshop will focus on the added value of the EIC instruments with a deep dive on the EIC Accelerator: the funding opportunities, the benefits and lessons learnt by previous EIC winners in the area of Space arena. It will also provide the opportunity to discuss the participation rules, the application and evaluation process and other details, allowing participants to raise their questions to the EIC experts.
