

EICACS

European Initiative for Collaborative Air Combat Standardisation

SELECTED PROJECTS EUROPEAN DEFENCE FUND (EDF) 2021

CALL TITLE:

Avionics and advanced air combat

TOPIC TITLE:

European interoperability standard for collaborative air combat

DURATION OF THE PROJECT:

40 months

TYPE(S) OF ACTIVITIES:

Studies; Design

ESTIMATED TOTAL COST:

€ 82,506,596.37

MAXIMUM EU CONTRIBUTION :

€ 74,810,330.13

SHORT DESCRIPTION OF THE PROJECT:

EICACS will focus on interoperability for European air forces' mission management.

The project “European Initiative for Collaborative Air Combat Standardisation” (EICACS) will focus on interoperability as air collaborative combat will involve future combat air systems, manned or unmanned platforms, legacy platforms and their evolution, including sensors and effectors. The EICACS aims at ensuring the interoperability of such assets (with NATO and potentially other coalitions situations) and a seamless integration of future combat air systems.
