- (8) The measures provided for in this Decision are in accordance with the opinion of the EDF Programme Committee.

HAS DECIDED AS FOLLOWS:

Article 1

The 60 proposals listed in Annex 2 are awarded a grant under the 2024 EDF calls for a total maximum grant amount of EUR 883.363.717,10. The 23 proposals listed in Annex 3 are placed on a reserve list.

The list of awarded proposals mentions the corresponding call and, where applicable, the topic, the consortium's coordinator and its country of establishment, the estimated total eligible costs of the action and the maximum amount awarded.

Article 2

Proposals listed in Annex 3 (reserve list) successfully complied with the exclusion, eligibility, selection and award criteria laid down in the calls text but are considered rejected for lack of budgetary appropriations.

Proposals in the reserve list may be selected for grants in case budgetary appropriations are available.

Moreover, where the proposals selected for funding failed the grant preparation, proposals from the reserve list under the same call might be selected for funding, in the strict order of their ranking.

In case the available budget appropriations are not sufficient to finance the grant of the next ranked proposal under the relevant call, the available amount will be transferred to another call to fund proposals in the order of their ranking and in compliance with the budgetary provisions foreseen in the call conditions.

The reserve list will no longer be valid after the signature of all the grant agreements in relation to the 2024 EDF calls.

Article 3

The management mode of the proposals selected for grants under the 2024 EDF calls and in the reserve list is indicated in Annex 2 and Annex 3.
